Instructions:

(Gift Card Holder) Stamp two ATC Art Squares with Happy Berries in satin red. Add Crystal Stickles to the berries and sprinkle with ruby red glitter. Tap off excess and let dry. Trim a third Art Square to create a three-sided, 1/8th inch frame. Glue the frame between the two stamped Art Squares. One end will be open where a gift card can be inserted. Wrap a piece of cranberry grosgrain ribbon around the holder and glue the ends in the front. Stamp the sentiment medallion on white cardstock in red and black inks. Die cut with a circle. Attach the sentiment over the overlapping ends of the ribbon. Attach the gift card to a piece of cardstock with temporary adhesive, write a personal message on the back and insert into the holder.
