## Instructions:

1. Using computer paper, mask off the right side of page and ink with Twisted Citron and a sponge dauber. Come over about ¼ inch, mask off left side of page and ink with Peacock Feathers as shown.
2. Using a Stamp-ama-jig tool and VersaFine Onyx Black ink, stamp the frames from the **This Way** set, offsetting each one just a bit. (It helps to place a clipboard beneath your page when stamping)
3. With a Q-tip, apply gesso very lightly to the inside of the frames, let dry.
4. Stamp greetings from the **Spiritual Snippets** set as shown using Onyx Black ink, making sure to place the stamp inside the frame so the appropriate letter lands in the "white" space.
5. Stamp the flower and stalks from the **Delicate Silhouettes** set with distress inks.
6. Using your two sheets of computer paper, mask off the ¼ inch "white" section in the stamped frames. Using a sponge dauber and Dandelion ink, pounce to highlight the word "prayers".
