Tape panel to a firm surface with masking or painter's tape. Spritz with water.

Sprinkle red rose, orange and sandstone brusho powders over the flowers on the panel. Spritz again so color starts filling flowers.

Sprinkle olive green brusho over leaves and remainder of panel. Spritz with water to activate green powder.

Tilt panel to let colors pool next to embossing. Dab excess paint with a paper towel if too dark.

Let panel dry. Remove tape, trim panel, mat with orange cardstock.

Die cut curved banner from orange cardstock and orange fun foam using 'birds and banners' die. Stamp sentiment from 'banner sentiments' on orange die cut banner with versafine ink, emboss in silver powder.

Pop up stamped banner on foam banner, attach to embossed, painted panel. Attach all to natural colored cardbase.
