**Lovely Layer Lady:** Emilia Sieradzan

**Penny Black Products Used:** 51-330 Beautiful Blossom, 51-300 Light as a Feather, 51-340 Dream Big, 51-195 Bookmark, 51-085 Gossamer, 51-007 Tagged, 25-019 Leaf Frolic, 30-238 Footnotes

**Additional Products:** : watercolor paper, watercolors or sprays, ink, flowers, gems and sequins, resin flower, chipboard frame, modeling paste

## Instructions:

Card base is 11.x16cm.

Creating watercolor background: Cut 10.5x15.5cm rectangle from watercolor paper and sprinkle it with water. Take 3 watercolor paints or sprays in turquoise, pink and purple and apply it with brush working from side to side. Take more water to smudge the color. Emilia started with turquoise then had pink (even though it's not much seen) in the middle and purple on the bottom. Wet for it to dry.

Add stamping to your background. Emilia used strip with words (Footnotes stamp), stamped it with purple ink on purple paint. Next add more texture with stencil + modelling paste. Adhere your background to the card base.

Die cut few elements: tags, feather, flower, doily, banner and flourish. Die cut some in turquoise, white and white with gold. Also die cut sentiment – use glitter gold paper.

Choose few flowers for your card. Emilia also used chipboard frame, few gems, sequins and resin flower.

Start composition with 2 tags one on the top and the other opposite. Stick feather and little banner to the bottom tag, stick die cut flower to the top tag.

Adhere the sentiment to the circle (ink the edges of the circle with similar colors to the background) and then to the chipboard frame. Attach it to the card using foam pads.

On the left side of the sentiment affix doily, add sisal and big flower.

Now you only need to fill few gaps with smaller flowers, gems and sequins
