Create a top fold card base of 6" x 4.75" using white cardstock. Lightly paint a 5.85" x 4.6" yellow pattern paper using white acrylic paint to soften the color and layer onto the card.

Loosely tear a cardboard of approximately 5.5" x 4", randomly paint with white acrylic paint and layer onto the card. Follow with a layer of 5.5" x 3.5" cheesecloth over the cardboard.

Arrange and adhere the die cuts onto the card (as seen in photo), leaving ample space on the bottom right of the card for the sentiment. Add a green rhinestone onto the center of each flower.

Cut 2 "You are Awesome" sentiments (Awesome dies) with watercolor paper and brown cardstock. Adhere them together with slight overlap and adhere this to the bottom right of the card.

Finish with clear sequins around the die cuts and Nuvo on the butterflies.
