Instructions:

1. Cut a panel from white card stock that is slightly smaller than the finished card base.
2. Stamp the Hello Autumn girl in VersaFine Onyx Black ink in the lower left hand corner and the sentiment in the upper right hand corner of the panel.
3. Color in the girl image using Prismacolor pencils (see list above) and blend the colors together with Gamsol and a blending stump. Intensify the colors by adding several layers of pencils. Generally the shadow areas do not have Gamsol applied to it.
4. Once the image is colored, using a fine tip black marker, draw over the image outline again (or if you have a stamping tool, re-stamp the image to intensify the original image).
4. Mount the front panel onto a top folding note card with mounting foam.
